TOO MUCH REGULATION

Credit regulations are bad. This is general throughout the country. The other day we got this one in answer to an S. O. S. for money.

"Dear Sirs: For the following reasons I am not able to send you the check asked for:

"I have been held up, held down and bagged, walked on, sat on, flattened out, and squeezed. First by the United States government for Federal War tax, Excess Profits, Income tax, State Income tax, Liberty Loan Bonds, Thrift Stamps, Capital Stock tax, Merchants license and Auto tax (and by every society and organization that the inventive mind of man can invent to extract what I may or may not possess.

"I have been solicited by the Society of John the Baptist, the G. A. R., the Woman's Relief, the Navy League, the Red Cross, the Black Cross, the Purple Cross, the Double Cross, the Childrens Home, the Dorcas Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the Jewish Relief, the Belgian Relief, and every hospital in town. Then on top of all this, came the Associated Charities and the Salvation Army, the Sons of Irish Freedom and Near East Relief and Anti Saloon League.

"The Government has governed my business until I do not know who owns it. I am so inspected, suspected, examined, and re-examined, informed and misinformed, required and commanded that I do not know who I am, where I am, or why I am here!

"All I know, is, that I am supposed to have an inexhaustible supply of money for every need, desire or hope of the human race, and because I will not sell all I have and go out and beg, borrow and steal money to give away, I have been cussed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, hung up, robbed and nearly ruined, and the only reason I am clinging on to life is to see just what in hell is coming next."

(Republished by request, but not so bad at that.)

CAN IT BE POSSIBLE IN KEYTESVILLE?

Sombody somewhere sometime said as follows and there to be found those who are a bit skeptical as to just what methods are employed in arriving at conclusions in making up charges in this neck o' the woods: Volts times amperes equals watts; Volts divided by ohms equals amperes; Volts divided by amperes equals ohms; Amperes times ohms equals volts. Volts divided—Oh, thunder, what's the use? Pay your bill when it comes, and make a wish. Wish that Senator John Taylor is successful in his damage suit in which he represents Mr. and Mrs. Wm. Kuhlman and the Carrollton Water, Light & Power Company happen to be defendants. It is the only way we as a long suffering community can get even at all.

The missionary meeting at the home of Mrs. Frank White, last Friday was thoroughly enjoyed by the sixty-seven ladies present. The program consisting of music, talks and readings from representatives of the four churches, was inspiring and profitable to all who heard it. The Blue-beard girls and Friend Ghost gave the ladies a shivery, spooky, thrilling ten minutes, after which the Methodist ladies served salad, coffee and sandwiches. As the ladies departed it was heard from all sides "we should have these missionary gatherings of the churches at least once every three months.

WHEN YOU PAY TAXES

When you pay your taxes this fall take along your last year's receipt and compare the cost. Don't cuss Wilson or the League of Nations if your taxes are higher—and they certainly will be in this county and in every county in this state—but bless Hyde and the Republican state board of equalization.—Howell County Gazette.

CONDITIONS IMPROVE IN SPITE OF STRIKE

The report comes from Kansas City stating that the menace of a general railway strike has failed so far to hold back general business stabilization in the southwest this week, the seven day period being featured by a recovery of the financial situation to where there is plenty of money and credits for "all legitimate purposes," according to a resume by the tenth district federal reserve bank. The banks' review declared an increase in wholesale and retail trade and declared an increase in wholesale and retail trade and in building activities.

YES, ARTHUR DID IT

Arthur has called another special session of the legislature for Nov. 3. Of course, as was expected the "balled" it all up and after being advised by someone who knew, he issued a supplementary call, and now we'll have the session, all right.

SOME LOAD OF COAL

The railroads that are now charging such high and unreasonable rates for hauling coal have no terror for A. L. Miller of this city. When he wants coal he hitches his tractor to a big wagon built for the purpose and hikes over to the Yates coal mine and brings back a winter's supply of coal. One day last week he hauled 187 bushels and 10 pounds of coal at one load with his tractor and came in on high all the way. Well, that's one way to beat the railroads at their game of high charges for hauling coal.—Armstrong Herald.

Come to the Bible School at the Christian Church Sunday morning at 10 o'clock.

HE WAS NOT TOO OLD

Three of the Hyde clan are now on the payroll of the state. How many of the some clan were on Uncle Sam's payroll at a dollar a day and found during the war? And, by the way, the governor wasn't too old to have gone himself, for that matter. Many an older man did.—Sedalia Democrat.

Jas. F. Taylor has been on the sick list the past week.

The Christian church at Salisbury will have a Halloween supper at the church Friday evening. Will begin serving at 6 o'clock. You will have a chance for a good meal for 35 cents. All are cordially invited.
